HOW TO LISTEN TO A PODCAST - ANDROID

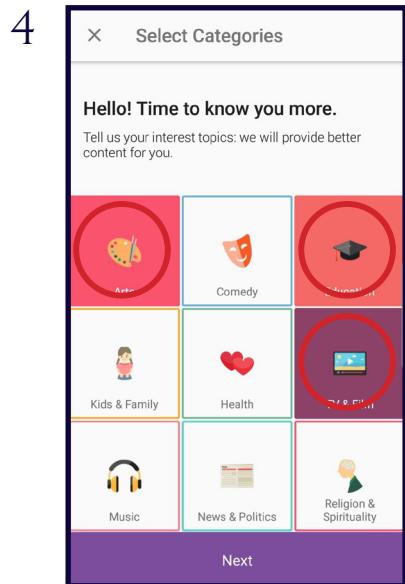

1 Podcast Player is an alternative to Google Podcasts. It's on the Play store and is also free.

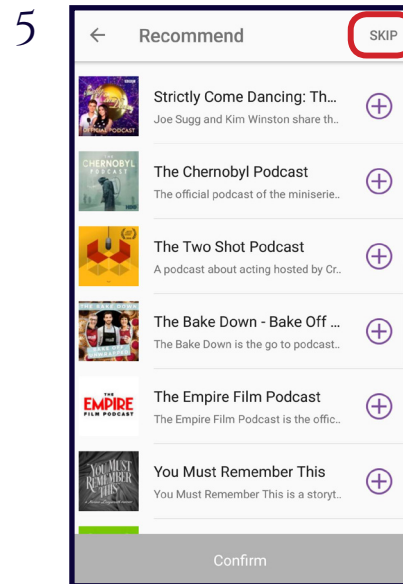

2 It looks like a white radio tower in a purple circle.

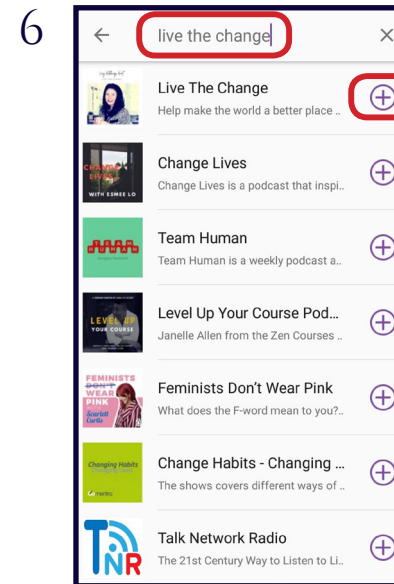

3 Install and Open the Podcast Player app.

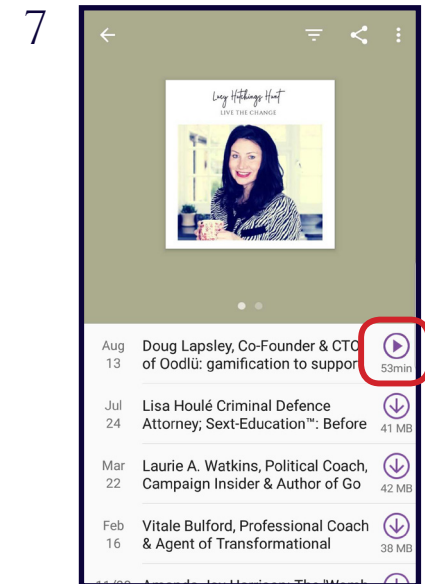

4 Choose your favourite topics. You have to select at least 3. Tap next. This will confirm your choices, and recommend some other podcasts based on your selections.

5 Tap next. This will confirm your choices, and recommend some other podcasts based on your selections. Tap skip on top right. This will skip recommendations and open the home page.

6 Search and tap a podcast, choose an episode, tap play and enjoy!
